

Audit Management Dashboard

Walkthrough (Step-by-Step)

Click-by-click instructions for installing the extension, signing in, and completing each of the four audit forms. Screenshot placeholders mark where to add images.

Chrome Extension | Trax Group Inc. | Operations Analytics
Internal training material — for authorized Trax employees only

Part 1 - Install the extension

Option A: From the Chrome Web Store (once published)

- 1 Open the Audit Management Dashboard listing on the Chrome Web Store.
- 2 Click **Add to Chrome**, then **Add extension** to confirm.
- 3 Pin the extension: click the puzzle-piece icon in the toolbar and click the pin next to Audit Management Dashboard.

Option B: Load unpacked (for testing / internal distribution)

- 1 Go to **chrome://extensions** in the address bar.
- 2 Turn on **Developer mode** (top-right toggle).
- 3 Click **Load unpacked** and select the extension folder.
- 4 Confirm the Audit Management Dashboard tile appears and is enabled.

Part 2 - Open the panel and sign in

- 1 Click the Audit Management Dashboard icon in the Chrome toolbar. The side panel opens on the right.
- 2 Click the **Login** button.
- 3 In the Microsoft window, enter your Trax email and password.
- 4 Approve multi-factor authentication if prompted.
- 5 You are returned to the panel's main menu, signed in.

If the Login button is greyed out, the panel could not reach the Trax platform. Check your connection/VPN and reload the panel. See the FAQ.

Part 3 - Complete a QA Monitoring audit

- 1 From the main menu, click **QA Monitoring**.
- 2 Confirm the audit dates (they default to today) and that your email shows in *Audited by*.
- 3 Select the LDA / auditor and enter invoice, carrier, and exception details.
- 4 Work through the **Verification**, **Process Compliance**, **Engagement**, and **Business Analytics** sections, choosing an outcome for each item.
- 5 Watch the section score bars and the **Overall Score** update automatically as you go.
- 6 Click **Submit**. Wait for the success message; the form then resets for the next audit.

Verification is a gate. If verification is not fully complete, the overall score shows 0% until it is.

Part 4 - Log a Coaching session

- 1 From the main menu, click **Coaching**.
- 2 Choose the **LDA**, then the **Coaching Reference** (the reference list loads after you pick the LDA).
- 3 Select the **Coaching Type**.
- 4 Complete the **SMART** fields (Specific, Measurable, Achievable, Relevant, Time-bound).
- 5 Complete the **GROW** fields (Goal, Reality, Options, Way forward) with input and comments.
- 6 Click **Submit** and wait for the confirmation message.

Part 5 - Record a Reconciliation Call

- 1 From the main menu, click **Reconciliation Call**.
- 2 Your email pre-fills in the LDA email field.
- 3 Pick the **Client Code**; the **Carrier Code** list updates to match that client.
- 4 Set the call date, region, action-item summary and details, status, and the linked ticket.
- 5 Click **Submit**. A success alert confirms the call was saved.

All fields except the pre-filled email are required. The form will not submit until each one is completed.

Part 6 - Complete a Triad audit

- 1 From the main menu, click **Triad**.
- 2 Select the LDA and the coaching reference.
- 3 For each criterion (body language, clear mind, questioning, recap/summary, SME adherence, root-cause analysis, and the others), enter a note and a score.
- 4 Click **Submit** and wait for the confirmation message.
